ABOUT MOZON

Mozon Tech is one of the oldest companies within its field in Jordan. Its roots go back to 1982, as part one of Jordan's oldest IT services companies; International Computer Systems. In 2002, Mozon Tech became a separate software house offering a Financial Management System solution.

In 2005, the company developed a comprehensive School Management System as new, talented developers and technical support engineers staff joined the company's family. Then, in 2009, the HRMS System became one of the company's major products. In 2015, the IT Infrastructure Solutions & Services department was founded. In 2019, Mozon Tech opened its first regional office, in Dubai.

Mozon Tech team consists of 16 talented engineers, developers, quality assurance and a technical support staff which help and assist small, medium and large organizations to build and enhance their daily business processes effectively.

MOZON VISION
