### Beyond STEM: An Innovative Pedagogy Integrating STEM, SEL, and PBL

**Description:** Where STEM meets empathy and innovation to shape future-ready learners.

This workshop introduces a pioneering framework that brings together STEM, Social-Emotional Learning (SEL), and Project-Based Learning (PBL). The integration of these three dimensions prepares students not only with strong logic and scientific skills, but also with empathy, collaboration, and real-world problem-solving abilities—equipping them to create meaningful impact locally, regionally, and globally.
